

Public Broadcasters & Producers Program

*Offering tailor-made coverage at favorable rates
for public broadcasters and independent producers since 1979.*

Your production and broadcasting activities, both-on-and-off-air, require specialized coverage to protect free speech rights. Our comprehensive coverage protects you against claims alleging libel, infringement of intellectual property, invasion of privacy and related media perils.

Even web site content that is created by the insured is covered in the basic policy.

Optional coverages are available, for an additional premium, for teleconferencing and video-conferencing, merchandising, commercial distribution of specific programs and contextual E&O.

Because the policy is written on an occurrence form, renewal of the annual policy is not required to cover the entire initial distribution period of a program you produce. Additional distribution agreements may be added, for an additional premium, to an existing policy if executed prior to policy expiration.

- Limits available from \$1,000,000 to \$5,000,000
- Standard self-insured retention of \$5,000
- Defense costs covered in addition to the policy limit
- Punitive damages affirmatively covered, where permitted by law
- Backed by National Casualty Company, a Nationwide® company
- Occurrence form
- Worldwide coverage territory
- No policy claim settled without Insured's consent
